

DON'T WAIT TILL FALL TO START SAVING...

**SYSTEM 2000 CUTS
YOUR HOME
HEATING FUEL
CONSUMPTION BY
UP TO 40% OR MORE!**

Question #1:

Have you had your heating system cleaned and tuned? If you haven't, call and schedule your cleaning today. An uncleaned heating system could add 10% to your heating costs, plus an unexpected service call.

Question #2:

Is your heating system 10 years or older? If the answer is yes, you may want to have a free energy audit done. With fuel prices where they are now, you may be able to save as much as 40-50% on your heating costs.

- Water Systems • Plumbing & Heating • Cooling
- Sales • Installation & Repairs • Commercial & Residential
- Diesel Fuel • Heating Fuel • Motor Oils • Propane
- Super, Unleaded & Regular Gasoline
- Propane Sales & Service
